NOTE: F.T.E. values shown in this publication include those Intermediate Education Agency (I.E.A.) personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

TERMINOLOGY

Class of District — "School districts in this state are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education; and

(6) Class VI shall include any school district in this state that maintains only a high school." (79-102 R.R.S.)

Elementary — Represents data from elementary schools (6-Year or Less Elementary, 7-Year Elementary, 8-Year Elementary, Middle School, and Special Education.)

Full Time Equivalency (F.T.E.) — The indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as the number of individuals.

NOTE: F.T.E. values shown in this publication include those Intermediate Education Agency (I.E.A.) personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Operating Status of Local Public Districts as of the Last Friday in September:

1) **Operating** — The district operates an instructional program.

2) **Not Operating** — The district does operate an instructional program:

   a) **Contracting All Students** — All students are contracted to other districts or agencies.

   b) **No Students** — The district has no school age children for which it is responsible.

Secondary — Represents data for secondary schools (2-Year Junior High, 3-Year Junior High, 3-Year Senior High, 4-Year Senior High, 5-Year Secondary, and 6-Year Secondary.)

TERMINOLOGY

Class of District — "School districts in this state are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education; and

(6) Class VI shall include any school district in this state that maintains only a high school." (79-102 R.R.S.)

Elementary — Represents data from elementary schools (6-Year or Less Elementary, 7-Year Elementary, 8-Year Elementary, Middle School, and Special Education.)

Full Time Equivalency (F.T.E.) — The indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as the number of individuals.

NOTE: F.T.E. values shown in this publication include those Intermediate Education Agency (I.E.A.) personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Operating Status of Local Public Districts as of the Last Friday in September:

1) **Operating** — The district operates an instructional program.

2) **Not Operating** — The district does operate an instructional program:

   a) **Contracting All Students** — All students are contracted to other districts or agencies.

   b) **No Students** — The district has no school age children for which it is responsible.

Secondary — Represents data for secondary schools (2-Year Junior High, 3-Year Junior High, 3-Year Senior High, 4-Year Senior High, 5-Year Secondary, and 6-Year Secondary.)

TERMINOLOGY

Class of District — "School districts in this state are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education; and

(6) Class VI shall include any school district in this state that maintains only a high school." (79-102 R.R.S.)

Elementary — Represents data from elementary schools (6-Year or Less Elementary, 7-Year Elementary, 8-Year Elementary, Middle School, and Special Education.)

Full Time Equivalency (F.T.E.) — The indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as the number of individuals.

NOTE: F.T.E. values shown in this publication include those Intermediate Education Agency (I.E.A.) personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Operating Status of Local Public Districts as of the Last Friday in September:

1) **Operating** — The district operates an instructional program.

2) **Not Operating** — The district does operate an instructional program:

   a) **Contracting All Students** — All students are contracted to other districts or agencies.

   b) **No Students** — The district has no school age children for which it is responsible.

Secondary — Represents data for secondary schools (2-Year Junior High, 3-Year Junior High, 3-Year Senior High, 4-Year Senior High, 5-Year Secondary, and 6-Year Secondary.)

TERMINOLOGY

Class of District — "School districts in this state are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education; and

(6) Class VI shall include any school district in this state that maintains only a high school." (79-102 R.R.S.)

Elementary — Represents data from elementary schools (6-Year or Less Elementary, 7-Year Elementary, 8-Year Elementary, Middle School, and Special Education.)

Full Time Equivalency (F.T.E.) — The indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as the number of individuals.

NOTE: F.T.E. values shown in this publication include those Intermediate Education Agency (I.E.A.) personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Operating Status of Local Public Districts as of the Last Friday in September:

1) **Operating** — The district operates an instructional program.

2) **Not Operating** — The district does operate an instructional program:

   a) **Contracting All Students** — All students are contracted to other districts or agencies.

   b) **No Students** — The district has no school age children for which it is responsible.

Secondary — Represents data for secondary schools (2-Year Junior High, 3-Year Junior High, 3-Year Senior High, 4-Year Senior High, 5-Year Secondary, and 6-Year Secondary.)

Class of District — "School districts in this state are classified as follows:

(1) Class I shall include any school district that maintains only elementary grades under the direction of a single school board;

(2) Class II shall include any school district embracing territory having a population of one thousand inhabitants or less that maintains both elementary and high school grades under the direction of a single school board;

(3) Class III shall include any school district embracing territory having a population of more than one thousand and less than one hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(4) Class IV shall include any school district embracing territory having a population of one hundred thousand or more and less than two hundred thousand inhabitants that maintains both elementary and high school grades under the direction of a single board of education;

(5) Class V shall include any school district embracing territory having a population of two hundred thousand or more that maintains both elementary grades and high school grades under the direction of a single board of education; and

(6) Class VI shall include any school district in this state that maintains only a high school." (79-102 R.R.S.)

Elementary — Represents data from elementary schools (6-Year or Less Elementary, 7-Year Elementary, 8-Year Elementary, Middle School, and Special Education.)

Full Time Equivalency (F.T.E.) — The indication of the time an individual spends in a position assignment as it relates to the total time in a work week for that position assignment. For example, a half-time employee would have an F.T.E. of .50. In all cases a full-time employee would have an F.T.E. of 1.00. Please note: F.T.E. is not to be interpreted as the number of individuals.

NOTE: F.T.E. values shown in this publication include those Intermediate Education Agency (I.E.A.) personnel working in local school districts/systems.

Membership — Count of students on the current roll on the last Friday in September.

NOTE: "County membership" figures represent the aggregation of districts/systems whose administrative offices are located in the county. Example: If a district crosses county lines, their full membership is shown in the county in which the administrative office is located.

Operating Status of Local Public Districts as of the Last Friday in September:

1) **Operating** — The district operates an instructional program.

2) **Not Operating** — The district does operate an instructional program:

   a) **Contracting All Students** — All students are contracted to other districts or agencies.

   b) **No Students** — The district has no school age children for which it is responsible.

Secondary — Represents data for secondary schools (2-Year Junior High, 3-Year Junior High, 3-Year Senior High, 4-Year Senior High, 5-Year Secondary, and 6-Year Secondary.)
